

FENDER LESS KIT

CODE	691-4030000
APPLICATION	Z125 PRO (BR125H)

● Read and understand the instruction before installing. Please keep the instruction for later needs.

■ ATTENTIONS (MUST READ)

- Do not modify the way which is not listed or it will cause damage and trouble.
 - FENDER LESS KIT is designed and made exclusive for Z125 PRO, do not use on other models.
 - We are not responsible for damages and accidents caused by assembling mistake and improper setting.
 - Please ask mechanic for assembling and setting.
- Ask a specialist at specialty shop if you do not understand the role of the surrounding parts.
- Refer to the manufacturer KAWASAKI service manual when installation
 - Please contact a mechanic nearby immediately when you find something unusual.
 - Bolts and nuts may get loosen by engine vibration.
- Please check and make sure each part of bolts and nuts are not loose before running.

■ IMPORTANT! (MUST READ)

● Users should agree and assume full responsibility and all liability with respect to compliance with laws and regulations when using FENDER LESS KIT for street use.

★ For parts specification, water or dust come inside the vehicle from rear tyre.
Make water-proof mods with sponge or rubber to prevent them.

■ HOW TO INSTALL (Refer to KAWASAKI SERVICE MANUAL)

- ※ Be careful not to break the pawls when removing.
- 1) Remove SEAT and stock REAR FENDER (and other surrounding parts to install smoothly).
※ Disconnect terminals between winker and license light wirings.
 - 2) Install FENDER LESS KIT (Refer to the illustration next page). Stock winker reusable.
※ After rerouting (refer to the illustration) wirings, if there are extra wirings nearby, please tighten with tie-band, not to hang down.
 - 3) Tighten the bolts which temporarily tightened before.
Make sure that each part is stable and each lamp activates normally, before running.
